

Merlin Field Archers are offering a Have a Go for archers who would like to try field archery. No field archery experience is required. Imperial sight marks would be desirable between 20 yards to 60 yards, however practice targets are available before shooting the course if required. All distances are marked, there are **NO** unmarked distances. Junior (max 50 yards) and Cub (max 25 yards) are available for less experienced archers.

Instruction on field shooting will be provided, together with advice on the rules and regulations associated with the English Field Archery Association (EFAA).

Merlin Field Archers course is accessible 24/7, 365 days a year to their members, with the exception of organised events/shoots.

There will be a fee of £10 per person. If any archer subsequently wishes to join the club this will be deducted from their membership fee.

BOOKING IS ESSENTIAL
